Don't miss any! It's worth it! Is not to far away

**BLA-BLA TALK-TALK** with a fake-political smile the middleman speaks to tourists for 30min and says **“Do not take one, do not read”** and try to confuse tourists about our guide for his interest.

Some travel agents are afraid that they will not be able to sell their own tours, car rentals, etc. and lose the big commission. That's why they destroy our posters. But is not easy **to confuse all** because too many tourists **have experience** about middlemen's rep.

**“Middleman the people have eyes & brain, don't underestimate people's intelligence and don't misinform them.**

Middleman you are not the commander-in-chief and the tourists are not your soldiers. They are FREE. Respect.
